

Robert Higginbotham
Guitar Lessons

STUDENT AGREEMENT

- Lessons are \$80.00 per month to be paid preferably on the last week of the preceding month, the first week of the month at the latest.
- Lessons last for 30 minutes, and are in the same time slot each week.
- Lessons will start on time. If a student is late, we can only extend the lesson to the full half hour if the following time slot is empty that day. If you know you will be excessively late call ahead and we will try to schedule a half hour time slot later on the same day.
- If you miss two lessons in a row without notifying the instructor you will lose your time slot. It is understood that students will miss lessons from time to time but excepting emergencies 24 hour notice is needed when you are going to miss a lesson.
- All equipment needed for the lesson is available at the studio. This includes extra guitars (both acoustic, electric and bass), amplifiers, and cords. In the event the student can come but cannot bring their guitar then a substitute guitar will be provided.

Make up Lessons
(Student cancellation)

Lessons are sold in blocks of 4 paid monthly. On average there is a 5th lesson every 3rd month. When a student provides 24 hour notice, or it is an emergency situation (including illness) every effort will be made to schedule a make up lesson. This may be in the form of having an hour lesson one week, or re-scheduling the Friday lesson on a Saturday. If such a make up cannot be scheduled then we will use the "5th" lesson as a make-up. Because you are paying for a block of time no other compensation can be made for missed lessons.

Make up Lessons
(Teacher cancellation)

If I cannot make a lesson then again every effort will be made to schedule a make up lesson. However if a make up lesson cannot be scheduled that is convenient for the student then the following month will be pro-rated.

I have read and understand this agreement.
